EXCEPTIONAL STRENGTH

The Strength of **ARMORCORE™**

- AcrylX™ with the strength of ArmorCore™ eliminates the hassle of damages that occur during handling and transportation that cost time and money.
- We've eliminated the common issues associated with traditional base construction. No more expensive repairs!
- ArmorCore™ has been tested far beyond industry standards. Even at 1,800 lbs of pressure it refuses to fail.

SUPERIOR FINISH

- AcrylX™ has a visibly true white, deep lustrous finish that can only be achieved with an acrylic surface. We've upgraded the value of the everyday product.
- Whether in a warehouse or a new house an AcrylX™ product will resist scratching, cracking and chipping and will maintain a "factory-new" finish over its lifetime.
- AcrylX's™ UV properties resist fading, low porosity helps maintain luster and makes cleaning easier, and other natural properties make it less susceptible to chemicals. All enhancing value and reducing everyday issues.

SIMPLY EASY

- No more wasted time looking for the design and configuration customer needs. We have hundreds of models to choose from. Our entire everyday offering is now available to you in AcrylX™ with the strength of ArmorCore™.
- You can be confident that we will stand behind our products 100% of the time, so you can be confident in selling our products to your customers. We've backed AcrylX™ with the Strength of ArmorCore™ with an unprecedented Lifetime Warranty.
- Our new AcrylX™ with the Strength of ArmorCore™ increases the value of our everyday product without changing model numbers, specifications, SKUs, or price!

AcrylX™ with the strength of **ARMORCORE™**
AcrylX™ with ArmorCore™, shown above at left, compared to standard gelcoat unit, at right.

AcrylX™, Applied Acrylic offers a high gloss, truer white finish. The finish material is less porous which creates an easier to clean surface. The high luster results in a longer lasting finish, meaning a factory new look years after installation.

The structural integrity is greater than previous products; reducing the chances of surface cracks during transportation and installation.

ARMORCORE™

ArmorCore™ RRP (Resin Reinforced Product) offers unprecedented structural strength in everyday bath products. Testing demonstrates a 600% above code weight rating on the base while only increasing the unit weight by an average of 1-3%.

ArmorCore™ RRP outperforms traditional FRP due to the integral nature of its chemically bonded resin structure. **ArmorCore™** RRP does not require foundation or bedding material for installation.

ArmorCore™ RRP produces the strongest, most resilient product in the industry, impervious to moisture and freezing, and better suited to the rigors of construction than any other product.

TUB/ SHOWERS

**SPACE-EFFICIENT TUB/SHOWER
COMBINATIONS**

We call it space-saving versatility.

Whether you need a shower and a bathtub in one space or simply want the most space-efficient option, Clarion Bathware bathtub/shower combinations are a great choice.

Enjoy the refreshing space of a bathtub in combination with the utility of a shower stall.

Put some excitement in your shower!

Strategically placed shower spa jets will energize your body at the beginning of the day and de-stress tired muscles at the end of a long day. Enjoy the luxury of a spa shower everyday.

FEATURES

- All Clarion Bathware showers are available with spa jets
- Designed to offer maximum water coverage
- Standard jet placement with adjustable heads
- Two jet options: Super Spray or Pulsating
- Sold in sets of six jets, pre-plumbed, diverter included

For more information see page 13.

SUPER SPRAY

PULSATING

Bubble Jet & Whirlpool systems available

BUBBLE JET & WHIRLPOOL OPTIONAL Many Clarion Tub/Showers can be ordered with a whirlpool or a bubble jet base. All units available with both options will have this mark next to them.

WHIRLPOOL SYSTEMS

We put the “mmmm” in massage. With just the right number of water jets in all the right places. Our acrylic and AcrylX models are built for years of enjoyment with 3/4 HP rated motors and factory installed air control, suction outlet and on/off switch.

BUBBLE JET SYSTEMS

You've never experienced a rush like this. Our tubs feature 16 air jets that surround you with relaxing bubbles. To ensure long-lasting performance, each air jet has an individual check valve to ensure that water never gets into the airline.

AIR ZONE SYSTEM UPGRADE

Upgrade your standard bubble jet system with Clarion's new luxurious Air Zone System. This new system allows you to enjoy 24 pulsating jets in your tub or tub/shower!

FEATURES

- 100% customizable jet placement
- Personalized control panel with up to four preprogrammed modes
- Self cleaning air system
- A seamless addition that takes "everyday luxury" to a new level
- Works great with our bubble jet, chromatherapy & aromatherapy systems
